

Preface	10		
<b>PART ONE</b>			
<b>Introduction to Economics and the Economy</b>			
1	Limits, Alternatives, and Choices	39	
2	The Market System and the Circular Flow	65	
<b>PART TWO</b>			
<b>Price, Quantity, and Efficiency</b>			
3	Demand, Supply, and Market Equilibrium	83	
4	Elasticity	111	
5	Market Failures: Public Goods and Externalities	128	
<b>PART THREE</b>			
<b>International Economics</b>			
6	International Trade	152	
7	The Balance of Payments, Exchange Rates, and Trade Deficits	178	
8	The Economics of Developing Countries	199	
<b>PART FOUR</b>			
<b>Microeconomics of Product Markets</b>			
9	Consumer Behavior	220	
10	Businesses and the Costs of Production	244	
11	Pure Competition in the Short Run	267	
12	Pure Competition in the Long Run	285	
13	Pure Monopoly	298	
14	Monopolistic Competition and Oligopoly	320	
14w	Technology, R&D, and Efficiency (WEB CHAPTER)	350	
<b>PART FIVE</b>			
<b>Microeconomics of Resource Markets</b>			
15	The Demand for Resources	352	
16	Wage Determination	370	
17	Rent, Interest, and Profit	398	
18	Natural Resource and Energy Economics	417	
<b>PART SIX</b>			
<b>Microeconomics of Government</b>			
19	Public Finance: Expenditures and Taxes	440	
20	Asymmetric Information, Voting, and Public Choice	461	
<b>PART SEVEN</b>			
<b>Microeconomic Issues and Policies</b>			
21	Antitrust Policy and Regulation	478	
22	Agriculture: Economics and Policy	498	
23	Income Inequality, Poverty, and Discrimination	514	
24	Health Care	537	
25	Immigration	558	
<b>PART EIGHT</b>			
<b>GDP, Growth, and Instability</b>			
26	An Introduction to Macroeconomics	576	
27	Measuring Domestic Output and National Income	589	
28	Economic Growth	609	
29	Business Cycles, Unemployment, and Inflation	630	
<b>PART NINE</b>			
<b>Macroeconomic Models and Fiscal Policy</b>			
30	Basic Macroeconomic Relationships	651	
31	The Aggregate Expenditures Model	671	
32	Aggregate Demand and Aggregate Supply	693	
33	Fiscal Policy, Deficits, and Debt	717	
<b>PART TEN</b>			
<b>Money, Banking, and Monetary Policy</b>			
34	Money, Banking, and Financial Institutions	740	
35	Money Creation	759	
36	Interest Rates and Monetary Policy	774	
37	Financial Economics	800	
<b>PART ELEVEN</b>			
<b>Extensions and Issues</b>			
38	Extending the Analysis of Aggregate Supply	820	
39	Current Issues in Macro Theory and Policy	840	
	Glossary		G
	Index		I

List of Key Graphs	9
Preface	10
Reviewers	20
Selected Economics Statistics for Various Years	22

## PART ONE

### **Introduction to Economics and the Economy** 31

To the Student	38
----------------	----

#### **Chapter 1**

### **Limits, Alternatives, and Choices** 39

The Economic Perspective	40
--------------------------	----

Scarcity and Choice / Purposeful Behavior / Marginal Analysis: Comparing Benefits and Costs  
**Consider This:** *Free for All?* 40  
**Consider This:** *Fast-Food Lines* 41

Theories, Principles, and Models	41
----------------------------------	----

Microeconomics and Macroeconomics	42
Microeconomics / Macroeconomics / Positive and Normative Economics	

Individual's Economizing Problem	43
----------------------------------	----

Limited Income / Unlimited Wants / A Budget Line  
**Consider This:** *Did Gates, Winfrey, and Rodriguez Make Bad Choices?* 45

Society's Economizing Problem	46
-------------------------------	----

Scarce Resources / Resource Categories

Production Possibilities Model	47
--------------------------------	----

Production Possibilities Table / Production Possibilities Curve / Law of Increasing Opportunity Costs / Optimal Allocation  
**Consider This:** *The Economics of War* 50

Unemployment, Growth, and the Future	50
--------------------------------------	----

A Growing Economy / Present Choices and Future Possibilities / A Qualification: International Trade  
**Last Word:** *Pitfalls to Sound Economic Reasoning* 52

<b>Chapter 1 Appendix: Graphs and Their Meaning</b>	58
---	----

#### **Chapter 2**

### **The Market System and the Circular Flow** 65

Economic Systems	66
------------------	----

The Command System / The Market System

Characteristics of the Market System	66
--------------------------------------	----

Private Property / Freedom of Enterprise and Choice / Self-Interest / Competition / Markets and Prices / Technology and Capital Goods / Specialization / Use of Money / Active, but Limited, Government

Five Fundamental Questions	70
----------------------------	----

What Will Be Produced? / How Will the Goods and Services Be Produced? / Who Will Get the Output? / How Will the System Accommodate Change? / How Will the System Promote Progress?  
**Consider This:** *McHits and McMisses* 71

The “Invisible Hand”	74
The Demise of the Command Systems	74
The Coordination Problem / The Incentive Problem	
<b>Consider This:</b> <i>The Two Koreas</i> 75	
The Circular Flow Model	76
Households / Businesses / Product Market /	
Resource Market	
<b>Last Word:</b> <i>Shuffling the Deck</i> 78	

## PART TWO

### Price, Quantity, and Efficiency 82

#### Chapter 3

#### Demand, Supply, and Market Equilibrium 83

##### Markets 84

##### Demand 84

Law of Demand / The Demand Curve / Market Demand / Changes in Demand / Changes in Quantity Demanded

##### Supply 89

Law of Supply / The Supply Curve / Market Supply / Determinants of Supply / Changes in Supply / Changes in Quantity Supplied

##### Market Equilibrium 92

Equilibrium Price and Quantity / Rationing Function of Prices / Efficient Allocation / Changes in Supply, Demand, and Equilibrium

**Consider This:** *Ticket Scalping: A Bum Rap!* 94

**Consider This:** *Salsa and Coffee Beans* 97

##### Application: Government-Set Prices 97

Price Ceilings on Gasoline / Rent Controls / Price Floors on Wheat

**Last Word:** *A Legal Market for Human Organs?* 98

#### Chapter 3 Appendix: Additional Examples of Supply and Demand 105

#### Chapter 4

#### Elasticity 111

##### Price Elasticity of Demand 112

The Price-Elasticity Coefficient and Formula / Interpretations of  $E_d$  / The Total-Revenue Test / Price Elasticity and the Total-Revenue Curve / Determinants of Price Elasticity of Demand / Applications of Price Elasticity of Demand

**Consider This:** *A Bit of a Stretch* 114

##### Price Elasticity of Supply 120

Price Elasticity of Supply: The Market Period / Price Elasticity of Supply: The Short Run / Price Elasticity of Supply: The Long Run / Applications of Price Elasticity of Supply

**Last Word:** *Elasticity and Pricing Power: Why Different Consumers Pay Different Prices* 122

##### Cross Elasticity and Income Elasticity of Demand 123

Cross Elasticity of Demand / Income Elasticity of Demand

#### Chapter 5

#### Market Failures: Public Goods and Externalities 128

##### Market Failures in Competitive Markets 129

Demand-Side Market Failures / Supply-Side Market Failures

##### Efficiently Functioning Markets 129

Consumer Surplus / Producer Surplus / Efficiency Revisited / Efficiency Losses (or Deadweight Losses)

##### Public Goods 135

Private Goods Characteristics / Public Goods Characteristics / Optimal Quantity of a Public Good / Demand for Public Goods / Comparing MB and MC / Cost-Benefit Analysis / Quasi-Public Goods / The Reallocation Process

**Consider This:** *Street Entertainers* 136

**Consider This:** *Art for Art's Sake* 137

##### Externalities 140

Negative Externalities / Positive Externalities / Government Intervention / Society's Optimal Amount of Externality Reduction

**Consider This:** *The Fable of the Bees* 142

##### Government's Role in the Economy 145

**Last Word:** *Carbon Dioxide Emissions, Cap and Trade, and Carbon Taxes* 146

## PART THREE

### International Economics 151

#### Chapter 6

#### International Trade 152

##### Some Key Trade Facts 153

##### The Economic Basis for Trade 154

##### Comparative Advantage 155

Two Isolated Nations / Specializing Based on Comparative Advantage / Terms of Trade / Gains from Trade / Trade with Increasing Costs / The Case for Free Trade

**Consider This:** *A CPA and a House Painter* 155

**Consider This:** *Misunderstanding the Gains from Trade* 160

##### Supply and Demand Analysis of Exports and Imports 162

Supply and Demand in the United States / Supply and Demand in Canada / Equilibrium World Price, Exports, and Imports

##### Trade Barriers and Export Subsidies 165

Economic Impact of Tariffs / Economic Impact of Quotas / Net Costs of Tariffs and Quotas

**Consider This:** *Buy American?* 165

##### The Case for Protection: A Critical Review 168

Military Self-Sufficiency Argument / Diversification-for-Stability Argument / Infant Industry Argument / Protection-against-Dumping Argument / Increased Domestic Employment Argument / Cheap Foreign Labor Argument

##### Multilateral Trade Agreements and Free-Trade Zones 170

General Agreement on Tariffs and Trade / World Trade Organization / The European Union / North American Free Trade Agreement

**Trade Adjustment Assistance** 172  
**Offshoring of Jobs** 172  
*Last Word: Petition of the Candlemakers, 1845* 173

**Chapter 7**

**The Balance of Payments, Exchange Rates, and Trade Deficits** 178

**International Financial Transactions** 179

**The Balance of Payments** 179

Current Account / Capital and Financial Account / Why the Balance? / Official Reserves, Payments Deficits, and Payments Surpluses

**Flexible Exchange Rates** 183

Depreciation and Appreciation / Determinants of Exchange Rates / Flexible Rates and the Balance of Payments / Disadvantages of Flexible Exchange Rates

**Fixed Exchange Rates** 188

Use of Official Reserves / Trade Policies / Exchange Controls and Rationing / Domestic Macroeconomic Adjustments

**The Current Exchange Rate System:**

**The Managed Float** 190

**Recent U.S. Trade Deficits** 192

Causes of the Trade Deficits / Implications of U.S. Trade Deficits  
*Last Word: Speculation in Currency Markets* 194

**Chapter 8**

**The Economics of Developing Countries** 199

**The Rich and the Poor** 200

Classifications / Comparisons / Growth, Decline, and Income Gaps / The Human Realities of Poverty

**Obstacles to Economic Development** 202

Natural Resources / Human Resources / Capital Accumulation / Technological Advance / Sociocultural and Institutional Factors

**The Vicious Circle** 209

**The Role of Government** 210

A Positive Role / Public Sector Problems

**The Role of Advanced Nations** 212

Expanding Trade / Admitting Temporary Workers / Discouraging Arms Sales / Foreign Aid: Public Loans and Grants / Flows of Private Capital  
*Last Word: Famine in Africa* 214

**PART FOUR**

**Microeconomics of Product Markets** 219

**Chapter 9**

**Consumer Behavior** 220

**Law of Diminishing Marginal Utility** 221

Terminology / Total Utility and Marginal Utility / Marginal Utility and Demand

*Consider This: Vending Machines and Marginal Utility* 221

**Theory of Consumer Behavior** 223

Consumer Choice and the Budget Constraint / Utility-Maximizing Rule / Numerical Example / Algebraic Generalization

**Utility Maximization and the Demand Curve** 226

Deriving the Demand Schedule and Curve / Income and Substitution Effects

**Applications and Extensions** 227

iPods / The Diamond-Water Paradox / Opportunity Cost and the Value of Time / Medical Care Purchases / Cash and Noncash Gifts

**Prospect Theory** 229

Losses and Shrinking Packages / Framing Effects and Advertising / Anchoring and Credit Card Bills / Mental Accounting and Overpriced Warranties / The Endowment Effect and Market Transactions  
*Consider This: Rising Consumption and the Hedonic Treadmill* 230  
*Last Word: Nudging People Toward Better Decisions* 232

**Chapter 9 Appendix: Indifference Curve Analysis** 237

**Chapter 10**

**Businesses and the Costs of Production** 244

**Economic Costs** 245

Explicit and Implicit Costs / Accounting Profit and Normal Profit / Economic Profit / Short Run and Long Run

**Short-Run Production Relationships** 248

Law of Diminishing Returns  
*Consider This: Diminishing Returns from Study* 248

**Short-Run Production Costs** 251

Fixed, Variable, and Total Costs / Per-Unit, or Average, Costs / Marginal Cost / Shifts of the Cost Curves

**Long-Run Production Costs** 256

Firm Size and Costs / The Long-Run Cost Curve / Economies and Diseconomies of Scale / Minimum Efficient Scale and Industry Structure

**Applications and Illustrations** 261

Rising Gasoline Prices / Successful Start-Up Firms / The Verson Stamping Machine / The Daily Newspaper / Aircraft and Concrete Plants  
*Last Word: Don't Cry over Sunk Costs* 262

**Chapter 11**

**Pure Competition in the Short Run** 267

**Four Market Models** 268

**Pure Competition: Characteristics and Occurrence** 268

**Demand as Seen by a Purely Competitive Seller** 269

Perfectly Elastic Demand / Average, Total, and Marginal Revenue

**Profit Maximization in the Short Run: Total-Revenue–Total-Cost Approach** 270

**Profit Maximization in the Short Run: Marginal-Revenue–Marginal-Cost Approach** 271

Profit-Maximizing Case / Loss-Minimizing Case / Shutdown Case

*Consider This: The Still There Motel* 277

Marginal Cost and Short-Run Supply	277		
Generalized Depiction / Diminishing Returns, Production Costs, and Product Supply / Changes in Supply / Firm and Industry: Equilibrium Price			
<b>Last Word:</b> <i>Fixed Costs: Digging Yourself Out of a Hole</i> 281			
<b>Chapter 12</b>			
<b>Pure Competition in the Long Run</b>	285		
The Long Run in Pure Competition	286		
Profit Maximization in the Long Run / Goal of Our Analysis / Long-Run Equilibrium / Long-Run Supply for a Constant-Cost Industry / Long-Run Supply for an Increasing-Cost Industry / Long-Run Supply for a Decreasing-Cost Industry			
Pure Competition and Efficiency	290		
Productive Efficiency: $P = \text{Minimum ATC}$ / Allocative Efficiency: $P = MC$ / Maximum Consumer and Producer Surplus / Dynamic Adjustments / "Invisible Hand" Revisited			
Technological Advance and Competition	293		
Creative Destruction			
<b>Consider This:</b> <i>Running a Company Is Hard Business</i> 294			
<b>Last Word:</b> <i>Efficiency Gains from Entry: The Case of Generic Drugs</i> 295			
<b>Chapter 13</b>			
<b>Pure Monopoly</b>	298		
An Introduction to Pure Monopoly	299		
Examples of Monopoly / Dual Objectives of the Study of Monopoly			
Barriers to Entry	299		
Economies of Scale / Legal Barriers to Entry: Patents and Licenses / Ownership or Control of Essential Resources / Pricing and Other Strategic Barriers to Entry			
Monopoly Demand	301		
Marginal Revenue Is Less Than Price / The Monopolist Is a Price Maker / The Monopolist Sets Prices in the Elastic Region of Demand			
Output and Price Determination	304		
Cost Data / $MR = MC$ Rule / No Monopoly Supply Curve / Misconceptions Concerning Monopoly Pricing / Possibility of Losses by Monopolist			
Economic Effects of Monopoly	307		
Price, Output, and Efficiency / Income Transfer / Cost Complications / Assessment and Policy Options			
Price Discrimination	311		
Conditions / Examples of Price Discrimination / Graphical Analysis			
<b>Consider This:</b> <i>Price Discrimination at the Ballpark</i> 312			
Regulated Monopoly	313		
Socially Optimal Price: $P = MC$ / Fair-Return Price: $P = ATC$ / Dilemma of Regulation			
<b>Last Word:</b> <i>De Beers Diamonds: Are Monopolies Forever?</i> 316			
<b>Chapter 14</b>			
<b>Monopolistic Competition and Oligopoly</b>	320		
Monopolistic Competition	321		
Relatively Large Number of Sellers / Differentiated Products / Easy Entry and Exit / Advertising / Monopolistically Competitive Industries			
Price and Output in Monopolistic Competition	323		
The Firm's Demand Curve / The Short Run: Profit or Loss / The Long Run: Only a Normal Profit			
Monopolistic Competition and Efficiency	325		
Neither Productive nor Allocative Efficiency / Excess Capacity			
Product Variety	326		
Benefits of Product Variety / Further Complexity			
Oligopoly	327		
A Few Large Producers / Homogeneous or Differentiated Products / Control over Price, but Mutual Interdependence / Entry Barriers / Mergers / Oligopolistic Industries			
<b>Consider This:</b> <i>Creative Strategic Behavior</i> 328			
Oligopoly Behavior: A Game Theory Overview	330		
Mutual Interdependence Revisited / Collusion / Incentive to Cheat			
<b>Consider This:</b> <i>The Prisoner's Dilemma</i> 331			
Three Oligopoly Models	332		
Kinked-Demand Theory: Noncollusive Oligopoly / Cartels and Other Collusion / Price Leadership Model			
Oligopoly and Advertising	338		
Positive Effects of Advertising / Potential Negative Effects of Advertising			
Oligopoly and Efficiency	339		
Productive and Allocative Efficiency / Qualifications			
<b>Last Word:</b> <i>Oligopoly in the Beer Industry</i> 340			
<b>Chapter 14 Appendix: Additional Game Theory Applications</b>	345		
<b>WEB Chapter 14</b>			
<b>Technology, R&amp;D, and Efficiency</b>	350		
Invention, Innovation, and Diffusion	14W-2		
Invention / Innovation / Diffusion / R&D Expenditures / Modern View of Technological Advance			
Role of Entrepreneurs and Other Innovators	14W-4		
Forming Start-Ups / Innovating within Existing Firms / Anticipating the Future / Exploiting University and Government Scientific Research			
A Firm's Optimal Amount of R&D	14W-5		
Interest-Rate Cost of Funds / Expected Rate of Return / Optimal R&D Expenditures			
Increased Profit via Innovation	14W-8		
Increased Revenue via Product Innovation / Reduced Cost via Process Innovation			
Imitation and R&D Incentives	14W-10		
Benefits of Being First			
<b>Consider This:</b> <i>Trade Secrets</i> 14W-12			

**Role of Market Structure** 14W-13  
 Market Structure and Technological Advance / Inverted-U Theory of R&D / Market Structure and Technological Advance: The Evidence

**Technological Advance and Efficiency** 14W-15  
 Productive Efficiency / Allocative Efficiency / Creative Destruction  
**Last Word:** *On the Path to the Personal Computer and Internet* 14W-16

**PART FIVE**

**Microeconomics of Resource Markets 351**

**Chapter 15**

**The Demand for Resources** 352

Significance of Resource Pricing 353

**Marginal Productivity Theory of Resource Demand** 353  
 Resource Demand as a Derived Demand / Marginal Revenue Product / Rule for Employing Resources:  $MRP = MRC$  /  $MRP$  as Resource Demand Schedule / Resource Demand under Imperfect Product Market Competition / Market Demand for a Resource  
**Consider This:** *Superstars* 357

**Determinants of Resource Demand** 357  
 Changes in Product Demand / Changes in Productivity / Changes in the Prices of Other Resources / Occupational Employment Trends

Elasticity of Resource Demand 360

**Optimal Combination of Resources** 362  
 The Least-Cost Rule / The Profit-Maximizing Rule / Numerical Illustration

**Marginal Productivity Theory of Income Distribution** 364  
**Last Word:** *Input Substitution: The Case of ATMs* 365

**Chapter 16**

**Wage Determination** 370

Labor, Wages, and Earnings 371

**General Level of Wages** 371  
 Role of Productivity / Real Wages and Productivity / Long-Run Trend of Real Wages

**A Purely Competitive Labor Market** 373  
 Market Demand for Labor / Market Supply of Labor / Labor Market Equilibrium

**Monopsony Model** 375  
 Upsloping Labor Supply to Firm /  $MRC$  Higher Than the Wage Rate / Equilibrium Wage and Employment / Examples of Monopsony Power

**Three Union Models** 377  
 Demand-Enhancement Model / Exclusive or Craft Union Model / Inclusive or Industrial Union Model / Wage Increases and Job Loss

**Bilateral Monopoly Model** 379  
 Indeterminate Outcome of Bilateral Monopoly / Desirability of Bilateral Monopoly

**The Minimum-Wage Controversy** 380  
 Case against the Minimum Wage / Case for the Minimum Wage / Evidence and Conclusions

**Wage Differentials** 381  
 Marginal Revenue Productivity / Noncompeting Groups / Compensating Differences / Market Imperfections  
**Consider This:** *My Entire Life* 384

**Pay for Performance** 385  
 The Principal-Agent Problem Revisited / Addenda: Negative Side Effects of Pay for Performance  
**Last Word:** *Are Chief Executive Officers (CEOs) Overpaid?* 387

**Chapter 16 Appendix: Labor Unions and Their Impacts** 391

**Chapter 17**

**Rent, Interest, and Profit** 398

**Economic Rent** 399  
 Perfectly Inelastic Supply / Equilibrium Rent and Changes in Demand / Productivity Differences and Rent Differences / Land Rent: A Surplus Payment / Land Ownership: Fairness versus Allocative Efficiency / Application: A Single Tax on Land

**Interest** 402  
 Money Is Not a Resource / Interest Rates and Interest Income / Range of Interest Rates / Pure Rate of Interest / Loanable Funds Theory of Interest Rates / Extending the Model / Time-Value of Money / Role of Interest Rates / Application: Usury Laws  
**Consider This:** *That Is Interest* 406

**Economic Profit** 409  
 Entrepreneurship and Profit / Insurable and Uninsurable Risks / Sources of Uninsurable Risks / Profit as Compensation for Bearing Uninsurable Risks / Sources of Economic Profit / Profit Ratios Entrepreneurship / Entrepreneurs, Profits, and Corporate Stockholders  
**Consider This:** *Apple CEO Steve Jobs* 411

**Income Shares** 412  
**Last Word:** *Determining the Price of Credit* 414

**Chapter 18**

**Natural Resource and Energy Economics** 417

**Resource Supplies: Doom or Boom?** 418  
 Population Growth / Resource Consumption per Person  
**Consider This:** *Can Governments Raise Birthrates?* 419

**Energy Economics** 422  
 Efficient Energy Use / Running Out of Energy?  
**Consider This:** *Developing Alternative Fuel Sources Is Both Risky and Costly* 425

**Natural Resource Economics** 425  
 Using Present Values to Evaluate Future Possibilities 426

Nonrenewable Resources	427	Government Failure	469
Present Use versus Future Use / Incomplete Property Rights Lead to Excessive Present Use / Application: Conflict Diamonds		Representative Democracy and the Principal-Agent Problem / Clear Benefits, Hidden Costs / Limited and Bundled Choice / Bureaucracy and Inefficiency / Corruption / Imperfect Institutions <b>Consider This:</b> Mohair and the Collective Action Problem 470 <b>Last Word:</b> "Government Failure" in the News 474	
Renewable Resources	430		
Elephant Preservation / Forest Management / Optimal Forest Harvesting / Optimal Fisheries Management / Policies to Limit Catch Sizes <b>Last Word:</b> Is Economic Growth Bad for the Environment? 434			
<b>PART SIX</b>		<b>PART SEVEN</b>	
<b>Microeconomics of Government</b>	<b>439</b>	<b>Microeconomic Issues and Policies</b>	<b>477</b>
<b>Chapter 19</b>		<b>Chapter 21</b>	
<b>Public Finance: Expenditures and Taxes</b>	<b>440</b>	<b>Antitrust Policy and Regulation</b>	<b>478</b>
Government and the Circular Flow	441	The Antitrust Laws	479
Government Finance	442	Historical Background / Sherman Act of 1890 / Clayton Act of 1914 / Federal Trade Commission Act of 1914 / Celler-Kefauver Act of 1950	
Government Purchases and Transfers / Government Revenues		<b>Antitrust Policy: Issues and Impacts</b>	<b>480</b>
Federal Finance	443	Issues of Interpretation / Issues of Enforcement / Effectiveness of Antitrust Laws <b>Consider This:</b> Of Catfish and Art (and Other Things in Common) 485	
Federal Expenditures / Federal Tax Revenues		<b>Industrial Regulation</b>	<b>485</b>
State and Local Finance	445	Natural Monopoly / Problems with Industrial Regulation / Legal Cartel Theory	
State Finances / Local Finances <b>Consider This:</b> State Lotteries: A Good Bet? 446		<b>Deregulation</b>	<b>487</b>
Local, State, and Federal Employment	446	<b>Social Regulation</b>	<b>488</b>
Apportioning the Tax Burden	448	Distinguishing Features / The Optimal Level of Social Regulation / Two Reminders <b>Last Word:</b> United States v. Microsoft 490	
Benefits Received versus Ability to Pay / Progressive, Proportional, and Regressive Taxes <b>Consider This:</b> The VAT: A Very Alluring Tax? 450			
Tax Incidence and Efficiency Loss	451		
Elasticity and Tax Incidence / Efficiency Loss of a Tax			
Probable Incidence of U.S. Taxes	454		
Personal Income Tax / Payroll Taxes / Corporate Income Tax / Sales and Excise Taxes / Property Taxes <b>Last Word:</b> Taxation and Spending: Redistribution versus Recycling 456			
The U.S. Tax Structure	457		
<b>Chapter 20</b>		<b>Chapter 22</b>	
<b>Asymmetric Information, Voting, and Public Choice</b>	<b>461</b>	<b>Agriculture: Economics and Policy</b>	<b>495</b>
Information Failures	462	Economics of Agriculture	496
Inadequate Buyer Information about Sellers / Inadequate Seller Information about Buyers / Qualification <b>Consider This:</b> "Lemons" 464		The Short Run: Price and Income Instability / The Long Run: A Declining Industry / Farm-Household Income <b>Consider This:</b> Risky Business 500	
Public Choice Theory	465	Economics of Farm Policy	502
Revealing Preferences through Majority Voting	466	Rationale for Farm Subsidies / Background: The Parity Concept / Economics of Price Supports / Reduction of Surpluses <b>Consider This:</b> Putting Corn in Your Gas Tank 505	
Inefficient Voting Outcomes / Paradox of Voting / Median-Voter Model		<b>Criticisms and Politics</b>	<b>506</b>
		Criticisms of the Parity Concept / Criticisms of the Price-Support System / The Politics of Farm Policy <b>Last Word:</b> The Sugar Program: A Sweet Deal 508	
		<b>Recent Farm Policies</b>	<b>509</b>
		Freedom to Farm Act of 1996 / The Food, Conservation, and Energy Act of 2008	

**Chapter 23**

**Income Inequality, Poverty, and Discrimination** 514

Facts about Income Inequality 515  
 Distribution by Income Category / Distribution by Quintiles (Fifths) / The Lorenz Curve and Gini Ratio / Income Mobility: The Time Dimension / Effect of Government Redistribution

Causes of Income Inequality 518  
 Ability / Education and Training / Discrimination / Preferences and Risks / Unequal Distribution of Wealth / Market Power / Luck, Connections, and Misfortune

Income Inequality over Time 520  
 Rising Income Inequality since 1970 / Causes of Growing Inequality  
**Consider This:** *Laughing at Shrek* 521

Equality versus Efficiency 521  
 The Case for Equality: Maximizing Total Utility / The Case for Inequality: Incentives and Efficiency / The Equality-Efficiency Trade-off  
**Consider This:** *Slicing the Pizza* 523

The Economics of Poverty 523  
 Definition of Poverty / Incidence of Poverty / Poverty Trends / Measurement Issues

The U.S. Income-Maintenance System 525  
 Social Insurance Programs / Public Assistance Programs

Discrimination 528

Economic Analysis of Discrimination 528  
 Taste-for-Discrimination Model / Statistical Discrimination / Occupational Segregation: The Crowding Model / Cost to Society as Well as to Individuals  
**Last Word:** *U.S. Family Wealth and Its Distribution* 532

**Chapter 24**

**Health Care** 537

The Health Care Industry 538

The U.S. Emphasis on Private Health Insurance 538

Twin Problems: Costs and Access 538

High and Rising: Health Care Costs 539  
 Health Care Spending / Quality of Care: Are We Healthier? / Economic Implications of Rising costs / Too Much Spending?

Limited Access 542

Why the Rapid Rise in Costs? 543  
 Peculiarities of the Health Care Market / The Increasing Demand for Health Care / Role of Health Insurance / Supply Factors in Rising Health Care Prices / Relative Importance  
**Consider This:** *Cancer Fight Goes Nuclear* 549

Cost Containment: Altering Incentives 549  
 Deductibles and Copayments / Health Savings Accounts / Managed Care / Medicare and DRG / Limits on Malpractice Awards

The Patient Protection and Affordable Care Act 551  
 Major Provisions / Objections and Alternatives  
**Last Word:** *Singapore's Efficient and Effective Health Care System* 552

**Chapter 25**

**Immigration** 558

Number of Immigrants 559  
 Legal Immigrants / Illegal Immigrants

The Decision to Migrate 560  
 Earnings Opportunities / Moving Costs / Factors Affecting Costs and Benefits

Economic Effects of Immigration 562  
 Personal Gains / Impacts on Wage Rates, Efficiency, and Output / Income Shares / Complications and Modifications / Fiscal Impacts / Research Findings  
**Consider This:** *Stars and Stripes* 563

The Illegal Immigration Debate 568  
 Employment Effects / Wage Effects / Price Effects / Fiscal Impacts on Local and State Governments / Other Concerns  
**Last Word:** *Immigration Reform: The Beaten Path to the Current Stalemate* 570

Optimal Immigration 571

**PART EIGHT**

**GDP, Growth, and Instability** 575

**Chapter 26**

**An Introduction to Macroeconomics** 576

Performance and Policy 577

The Miracle of Modern Economic Growth 578  
 Saving, Investment, and Choosing between Present and Future Consumption / Banks and Other Financial Institutions  
**Consider This:** *Economic versus Financial Investment* 580

Uncertainty, Expectations, and Shocks 580  
 Demand Shocks and Flexible Prices / Demand Shocks and Sticky Prices  
**Consider This:** *The Great Recession* 583

How Sticky Are Prices? 584  
**Last Word:** *Inventory Management and the Business Cycle* 584

Categorizing Macroeconomic Models Using Price Stickiness 586

**Chapter 27**

**Measuring Domestic Output and National Income** 589

Assessing the Economy's Performance 590

Gross Domestic Product 590  
 A Monetary Measure / Avoiding Multiple Counting / GDP Excludes Nonproduction Transactions / Two Ways of Looking at GDP: Spending and Income

The Expenditures Approach 592  
 Personal Consumption Expenditures (C) / Gross Private Domestic Investment ( $I_g$ ) / Government Purchases (G) / Net Exports ( $X_n$ ) / Putting It All Together:  $GDP = C + I_g + G + X_n$   
**Consider This:** *Stocks versus Flows* 594

The Income Approach	596	Inflation	639
Compensation of Employees / Rents / Interest /		Meaning of Inflation / Measurement of Inflation / Facts of	
Proprietors' Income / Corporate Profits / Taxes on		Inflation / Types of Inflation / Complexities /	
Production and Imports / From National Income to GDP		Core Inflation	
Other National Accounts	598	<b>Consider This:</b> <i>Clipping Coins</i> 641	
Net Domestic Product / National Income / Personal		Redistribution Effects of Inflation	642
Income / Disposable Income / The Circular Flow Revisited		Who Is Hurt by Inflation? / Who Is Unaffected or Helped	
Nominal GDP versus Real GDP	601	by Inflation? / Anticipated Inflation / Other	
Adjustment Process in a One-Product Economy / An		Redistribution Issues	
Alternative Method / Real-World Considerations and Data		Does Inflation Affect Output?	645
Shortcomings of GDP	603	Cost-Push Inflation and Real Output / Demand-Pull Inflation	
Nonmarket Activities / Leisure / Improved Product		and Real Output / Hyperinflation	
Quality / The Underground Economy / GDP and the		<b>Last Word:</b> <i>The Stock Market and the Economy</i> 646	
Environment / Composition and Distribution of Output /			
Noneconomic Sources of Well-Being			
<b>Last Word:</b> <i>Magical Mystery Tour</i> 605			
<b>Chapter 28</b>		<b>PART NINE</b>	
<b>Economic Growth</b>	609	<b>Macroeconomic Models and</b>	
Economic Growth	610	<b>Fiscal Policy</b>	<b>651</b>
Growth as a Goal / Arithmetic of Growth / Growth in the			
United States		<b>Chapter 30</b>	
Modern Economic Growth	612	<b>Basic Macroeconomic Relationships</b>	651
The Uneven Distribution of Growth / Catching Up Is Possible		The Income-Consumption and	
<b>Consider This:</b> <i>Economic Growth Rates Matter!</i> 614		Income-Saving Relationships	652
Institutional Structures That Promote Growth	615	The Consumption Schedule / The Saving Schedule /	
<b>Consider This:</b> <i>Patents and Innovation</i> 616		Average and Marginal Propensities / Nonincome	
Determinants of Growth	616	Determinants of Consumption and Saving /	
Supply Factors / Demand Factor / Efficiency Factor		Other Important Considerations	
Production Possibilities Analysis	617	<b>Consider This:</b> <i>The Great Recession and the Paradox of Thrift</i> 658	
Growth and Production Possibilities /		The Interest-Rate-Investment	
Labor and Productivity		Relationship	659
Accounting for Growth	618	Expected Rate of Return / The Real Interest Rate /	
Labor Inputs versus Labor Productivity / Technological		Investment Demand Curve / Shifts of the Investment	
Advance / Quantity of Capital / Education and		Demand Curve / Instability of Investment	
Training / Economies of Scale and Resource Allocation		<b>Consider This:</b> <i>The Great Recession and the Investment Riddle</i> 664	
<b>Consider This:</b> <i>Women, the Labor Force, and Economic Growth</i> 620		The Multiplier Effect	664
The Rise in the Average Rate of Productivity Growth	622	Rationale / The Multiplier and the Marginal Propensities /	
Reasons for the Rise in the Average Rate of Productivity		How Large Is the Actual Multiplier Effect?	
Growth / Implications for Economic Growth /		<b>Last Word:</b> <i>Squaring the Economic Circle</i> 667	
Skepticism about Longevity / What Can We Conclude?			
Is Growth Desirable and Sustainable?	625	<b>Chapter 31</b>	
The Antigrowth View / In Defense of Economic Growth		<b>The Aggregate Expenditures</b>	
<b>Last Word:</b> <i>Economic Growth in China</i> 626		<b>Model</b>	671
<b>Chapter 29</b>		Assumptions and Simplifications	672
<b>Business Cycles, Unemployment, and Inflation</b>	630	Consumption and Investment Schedules	672
The Business Cycle	631	Equilibrium GDP: $C + I_g = GDP$	673
Phases of the Business Cycle / Causation: A First Glance /		Tabular Analysis / Graphical Analysis	
Cyclical Impact: Durables and Nondurables		Other Features of Equilibrium GDP	676
Unemployment	633	Saving Equals Planned Investment / No Unplanned Changes	
Measurement of Unemployment / Types of Unemployment /		in Inventories	
Definition of Full Employment / Economic Cost of		Changes in Equilibrium GDP and the Multiplier	677
Unemployment / Noneconomic		Adding International Trade	678
Costs / International Comparisons		Net Exports and Aggregate Expenditures / The Net Export	
		Schedule / Net Exports and Equilibrium GDP / International	
		Economic Linkages	

**Adding the Public Sector** 682  
 Government Purchases and Equilibrium GDP / Taxation and Equilibrium GDP

**Equilibrium versus Full-Employment GDP** 685  
 Recessionary Expenditure Gap / Inflationary Expenditure Gap / Application: The Recession of 2007–2009  
**Last Word:** *Say's Law, the Great Depression, and Keynes* 688

**Chapter 32**

**Aggregate Demand and Aggregate Supply** 693

**Aggregate Demand** 694  
 Aggregate Demand Curve

**Changes in Aggregate Demand** 695  
 Consumer Spending / Investment Spending / Government Spending / Net Export Spending

**Aggregate Supply** 698  
 Aggregate Supply in the Immediate Short Run / Aggregate Supply in the Short Run / Aggregate Supply in the Long Run / Focusing on the Short Run

**Changes in Aggregate Supply** 701  
 Input Prices / Productivity / Legal-Institutional Environment

**Equilibrium and Changes in Equilibrium** 704  
 Increases in AD: Demand-Pull Inflation / Decreases in AD: Recession and Cyclical Unemployment / Decreases in AS: Cost-Push Inflation / Increases in AS: Full Employment with Price-Level Stability  
**Consider This:** *Ratchet Effect* 707  
**Last Word:** *Has the Impact of Oil Prices Diminished?* 709

**Chapter 32 Appendix: The Relationship of the Aggregate Demand Curve to the Aggregate Expenditures Model** 714

**Chapter 33**

**Fiscal Policy, Deficits, and Debt** 717

**Fiscal Policy and the AD-AS Model** 718  
 Expansionary Fiscal Policy / Contractionary Fiscal Policy / Policy Options: *G* or *T*?

**Built-In Stability** 721  
 Automatic or Built-In Stabilizers

**Evaluating Fiscal Policy** 723  
 Cyclically Adjusted Budget / Recent U.S. Fiscal Policy / Budget Deficits and Projections

**Problems, Criticisms, and Complications** 727  
 Problems of Timing / Political Considerations / Future Policy Reversals / Offsetting State and Local Finance / Crowding-Out Effect / Current Thinking on Fiscal Policy

**Public Debt** 729  
 Ownership / Debt and GDP / International Comparisons / Interest Charges

**False Concerns** 731  
 Bankruptcy / Burdening Future Generations

**Substantive Issues** 732  
 Income Distribution / Incentives / Foreign-Owned Public Debt / Crowding-Out Effect Revisited  
**Last Word:** *The Social Security and Medicare Shortfalls* 734

**PART TEN**

**Money, Banking, and Monetary Policy** 739

**Chapter 34**

**Money, Banking, and Financial Institutions** 740

**The Functions of Money** 741

**The Components of the Money Supply** 741  
 Money Definition M1 / Money Definition M2  
**Consider This:** *Are Credit Cards Money?* 744

**What "Backs" the Money Supply?** 744  
 Money as Debt / Value of Money / Money and Prices / Stabilizing Money's Purchasing Power

**The Federal Reserve and the Banking System** 747  
 Historical Background / Board of Governors / The 12 Federal Reserve Banks / FOMC / Commercial Banks and Thrifts / Fed Functions and the Money Supply / Federal Reserve Independence

**The Financial Crisis of 2007 and 2008** 750  
 The Mortgage Default Crisis / Securitization / Failures and Near-Failures of Financial Firms / The Treasury Bailout: TARP / The Fed's Lender-of-Last-Resort Activities

**The Postcrisis U.S. Financial Services Industry** 753  
**Last Word:** *Electronic Banking* 755

**Chapter 35**

**Money Creation** 759

**The Fractional Reserve System** 760  
 Illustrating the Idea: The Goldsmiths / Significant Characteristics of Fractional Reserve Banking

**A Single Commercial Bank** 761  
 Transaction 1: Creating a Bank / Transaction 2: Acquiring Property and Equipment / Transaction 3: Accepting Deposits / Transaction 4: Depositing Reserves in a Federal Reserve Bank / Transaction 5: Clearing a Check Drawn against the Bank

**Money-Creating Transactions of a Commercial Bank** 764  
 Transaction 6: Granting a Loan / Transaction 7: Buying Government Securities / Profits, Liquidity, and the Federal Funds Market

**The Banking System: Multiple-Deposit Expansion** 767  
 The Banking System's Lending Potential / The Monetary Multiplier / Reversibility: The Multiple Destruction of Money  
**Last Word:** *The Bank Panics of 1930–1933* 770

**Chapter 36****Interest Rates and Monetary Policy** 774

## Interest Rates 775

The Demand for Money / The Equilibrium Interest Rate /  
Interest Rates and Bond Prices

The Consolidated Balance Sheet of the  
Federal Reserve Banks 777

Assets / Liabilities

## Tools of Monetary Policy 779

Open-Market Operations / The Reserve Ratio /  
The Discount Rate / Term Auction Facility /  
Relative Importance

## Targeting the Federal Funds Rate 784

Expansionary Monetary Policy / Restrictive Monetary  
Policy / The Taylor Rule

**Consider This:** *The Fed as a Sponge* 787

Monetary Policy, Real GDP, and the  
Price Level 788

Cause-Effect Chain / Effects of an Expansionary  
Monetary Policy / Effects of a Restrictive  
Monetary Policy

## Monetary Policy: Evaluation and Issues 792

Recent U.S. Monetary Policy / Problems and  
Complications

**Consider This:** *Up, Up, and Away* 793

**Last Word:** *The "Big Picture"* 794

## The "Big Picture" 796

**Chapter 37****Financial Economics** 800

## Financial Investment 801

## Present Value 801

Compound Interest / The Present Value Model /  
Applications

## Some Popular Investments 804

Stocks / Bonds / Mutual Funds / Calculating Investment  
Returns / Asset Prices and Rates of Return

## Arbitrage 806

## Risk 807

Diversification / Comparing Risky Investments /  
Relationship of Risk and Average Expected Rates of Return /  
The Risk-Free Rate of Return

## The Security Market Line 811

Security Market Line: Applications

**Consider This:** *Ponzi Schemes* 813

**Last Word:** *Index Funds versus Actively Managed  
Funds* 815

**PART ELEVEN****Extensions and Issues** 819**Chapter 38****Extending the Analysis of  
Aggregate Supply** 820

## From Short Run to Long Run 821

Short-Run Aggregate Supply / Long-Run Aggregate  
Supply / Long-Run Equilibrium in the AD-AS Model

## Applying the Extended AD-AS Model 823

Demand-Pull Inflation in the Extended AD-AS Model /  
Cost-Push Inflation in the Extended AD-AS Model /  
Recession and the Extended AD-AS Model / Economic  
Growth with Ongoing Inflation

## The Inflation-Unemployment Relationship 827

The Phillips Curve / Aggregate Supply Shocks and  
the Phillips Curve

## The Long-Run Phillips Curve 831

Short-Run Phillips Curve / Long-Run Vertical Phillips  
Curve / Disinflation

## Taxation and Aggregate Supply 833

Taxes and Incentives to Work / Incentives to Save and  
Invest / The Laffer Curve / Criticisms of the Laffer  
Curve / Rebuttal and Evaluation

**Consider This:** *Sherwood Forest* 835

**Last Word:** *Do Tax Increases Reduce Real GDP?* 836

**Chapter 39****Current Issues in Macro Theory and Policy** 840

## What Causes Macro Instability? 841

Mainstream View / Monetarist View / Real-Business-Cycle  
View / Coordination Failures

**Consider This:** *Too Much Money?* 844

## Does the Economy "Self-Correct"? 845

New Classical View of Self-Correction / Mainstream View of  
Self-Correction

## Rules or Discretion? 848

In Support of Policy Rules / In Defense of Discretionary  
Stabilization Policy / Policy Successes

**Consider This:** *On the Road Again* 849

**Last Word:** *The Taylor Rule: Could a Robot Replace  
Ben Bernanke?* 852

## Summary of Alternative Views 853

## Glossary G

## Credits C-1
